St Gregory's School places a high value on building the communication and language skills of all the children at their school and they are pleased to remind you of the Speech and Language Therapy (SLT) service that is available at your child's school.

I am delighted to invite parents to come to a workshop where they can meet the Speech and Language Therapist working at St Gregory's this term.

I will be giving a short presentation on how to build your child's communication and language skills at home. Parents then have the opportunity to talk to the therapist for further support on promoting communication at home.

**\*\*We ask that only adults attend the workshop as there are no child-minding facilities.\*\***

We look forward to seeing you there.

Venetia Foxall  
(Speech and Language Therapist)

Please let Miss Rigby know if you would like to attend:
